

ArtVaults: Live 2018

Volunteer Opportunity

Introduction

ArtVaults: Live presents a programme of artistic performances and events, across five consecutive weekends in September 2018. In addition to the weekend events 'a space' arts have commissioned artist, Amanda Moore, to create a site specific installation. The live events and the artwork will take place within the ruins of Canute's Palace, Porter's Lane, Southampton.

Volunteers

We are looking for a team of dedicated volunteers for each of the ten events within Canute's Palace. Volunteers would work with a member of 'a space' arts staff in supporting the artists and supervising the public within the space.

On shifts, ranging from 2 to 4 hours, volunteers would act as the first contact point for the visiting public; providing information and valuable support for the exciting live arts programme and installation.

The schedule below provides details of the time for each event.
